The Dates

The retreat takes place from **4pm on Friday 9th February to 3pm on Sunday 11th February**

Your retreat location – *make yourself at home*

Poundon House is the ideal location for a yoga retreat. The Queen Anne style country house is stunning and spacious; set within six acres of landscaped gardens on the edge of the Oxfordshire-Buckinghamshire border, one hour drive or 45 minutes on a train from West London.

Despite the peace and tranquillity of the surrounding countryside, Poundon is within easy reach of London, Oxford, Milton Keynes, Birmingham, the Cotswolds and Bristol with fantastic transport links to the all of these places.

Once you arrive at Poundon, you will feel immediately at home. Whether it is settling down in front of a roaring open fire, taking a long bath in one of the unique bathrooms or going for a quiet walk in the apple orchard or cartwheeling around the garden, for over a century Poundon has been the perfect place to escape the bustle of city life and be at one with the countryside.

Poundon House was built in 1908, in the Edwardian era, and was designed for sumptuous entertaining. Downstairs there are three large reception rooms and a library. The second and third floors feature nine guest bedrooms, all are spacious double (or twin) bedrooms. Keeping true to the original design, the bedrooms are luxurious and large. There are five bathrooms shared between the nine bedrooms. We provide white towelling dressing gowns and Organic Surge products in the bathrooms.

The founders of &Sister - Natalie and Alicia Roscoe

Poundon House has been owned and loved by the Roscoe family for 40 years, Natalie and Alicia Roscoe grew up at Poundon House and now both work for the family events business.

As a family and a business we have hosted many events over the years, from sprawling house parties to 300-strong fusion weddings! Our aim is to share the experience of being in a beautiful country house for the weekend, away from the city, surrounded by nature and, in this case immersing yourself in yoga, the retreat programmed, delicious nourishing food and enhancing your own well-being.

Natalie and Alicia set up the retreat side of Poundon House in August 2015. Older sister Natalie works in events and marketing and Alicia is a yoga-lover and a trained yoga teacher:

“There is nothing that gives me more happiness than creating and curating a retreat at my family home. I know how great guests will feel by the end of the weekend: inspired, uplifted, relaxed, rejuvenated. I have experienced it myself after yoga retreats and now want to share that experience with our guests.”

The aim of &SISTER is to collaborate with inspirational yoga teachers, chefs with a passion for delicious and healthy food and experienced therapists. Alongside these experts we want to provide not just an escape from the hectic hullabaloo of daily life, but also the chance to return to that life with a renewed vigor and sense of calm and control. Poundon House becomes a sanctuary, a home from home, a safe place to retreat to once, twice or in some of our guests cases, many times a year!

As well as on-site wellbeing gurus, you can also expect hands-on hosting. As well as your yoga teacher, there will be an experienced &SISTER host on site to support you and make sure your stay is blissful. Please feel free to ask us any questions in the lead up and during the weekend, we are more than happy to help with anything; nothing is too big or too small.

Your yogi - Charlie Morgan

Charlie is a highly acclaimed and sought-after yoga teacher based in London. As well as her numerous private clients, Charlie teaches at The Life Centre, Evolve, Heartcore and for HotPod.

More from Charlie

I have been practicing yoga on and off for 15 years, coming to it initially from a workout perspective. Following a life-changing trip to the Himalayan Yoga Institute in 2011, I decided to leave my job as an Assistant Buyer for The Disney Store and deepen my knowledge of yoga. In 2012, I became a certified teacher in Bali with WLYA – The Wise Living Yoga Academy (affiliated to The Yoga Institute of Santacruz, Mumbai, India – the world’s oldest organized yoga institution) and came back to set up my own studio in Somerset, UK. I now teach group classes at various top yoga centres and corporations in and around London and private one-to-ones. I am also currently the yoga instructor for the Harlequins rugby team. I cater the type of yoga I teach to the needs of each individual. However, my public classes involve an innovative and forever changing style of dynamic vinyasa flow. Although extremely fast-paced at times, I am a perfectionist when it comes to correct body alignment, the synchronisation of movement and breath and the importance of a sumptuous, meditative relaxation. My classes are down-to-earth, fun, creative and challenging, but at the same time accessible, maintaining the philosophy that ‘yoga is for all’.

YOGA RETREATS

Your Winter Glow retreat

We believe in celebrating nature, the Seasons and other important times of year such as the birth of the New Year. You will experience morning and afternoon yoga practices, nourish your souls and bellies with a delectable healthy food, go deeper with meditation, pranayama, refresh with long country-walks and make connections with like-minded, lovely souls. As well as a lot of time in the shala with Charlie, there will be open fires to bask before, long walks to be taken, hot baths to relax in, massages and treatments to release tension and a creative workshop time to spark our imaginations into life. There is no better way to wake up on a weekend than full of life, love, energy, yoga and a refreshing walk in the beautiful Oxfordshire countryside!

This carefully crafted retreat, with a theme selected and created by Charlie will nourish your soul and guide you lovingly through 2017 with an open mind and strong heart. Retreating with us is a unique experience and one that will stay in your favourite memories forever.

Your yoga space - be guided by our yogi

We convert one of the large downstairs reception rooms at Poundon House into a yoga shala for the weekend. This space becomes an integral part of the weekend, where guests can keep silence and retreat to for private meditations whenever they need to. We provide yoga mats, blocks and blankets. This beautiful space is light in the day time and in the evenings we create an atmospheric setting using candles.

Your nourishment

We want you to relish and enjoy the food, especially after a yoga practice or long country walk. We also want it to be nutritionally sound and match the aim of enhancing how you feel by the end of the weekend. Therefore, the food will be healthy, clean vegetarian food prepared by one of our experienced retreat chefs. There will be fresh smoothies or juices to kick your day off to a healthy start and fuel you for your energetic morning practice. After morning practice there will be a big hearty healthy breakfast or brunch, a light lunch or afternoon stack in the early afternoon and then a lovely candle-lit two-course dinner in the Yellow Room in the evenings. Healthy snacks will appear just when you need them, as if by magic!

Refreshing re-hydration - Welcome to our Brew Bar

Poundon House provides one bottle of mineral water per person in the bedrooms. There is also plenty of fresh filtered water at various water / tea stations throughout the house. This is not only more eco-friendly but our filtered tap water is perfectly delicious!

The kettles will always be on at Poundon because we love tea! You can expect a continuous delicious stream of herbal and fresh teas provided throughout the retreat.

- £425pp for a space in a twin room or two sharing a double bedroom; or
- £595 for solo occupancy in your own double room

The treatments - *relax and release*

We offer a wide range of treatments with highly recommended practitioners. Please do look at our Winter Glow retreat treatment list and let us know in advance which treatments you would like to book.

Screen-time /WiFi - *time to de-tech*

Whilst we stand by that how you spend time on the retreat is your decision, we'd like to encourage you to take a break from your phones and screens during the weekend. This will support the unwinding process and allow your body and mind to relax and restore more deeply. Wifi is available in the house between 11am - 10 pm each day. If you feel that you need a break from your phones, we are happy to look after your phones if you wish.

What to bring - *time to get cosy*

Poundon House will be heated for the duration of your stay, however, please note that as a large country house without the latest central heating it is wise to bring a warm jumper! You do not need to bring your yoga matt (but of course you can if you wish). We have blocks and belts but if you would like a bolster please do bring your own. We advise two outfits of comfortable sports clothes for the yoga classes, warm socks or slippers are a good idea too. There will be the opportunity to go for a country walk each day therefore an outdoor jacket, waterproofs and walking boots / wellies are advisable. We have a Library full of books at Poundon House but please do bring that book you have been meaning to read. Last but not least, a refillable water bottle and a keep cup come in handy too!

Re-enter real life with a different approach to life. It's good to turn things upside down sometimes!
